WELCOME TO OUR MONTHLY ROUND-UP MAY EDITION

In May, we extended our efforts to help those in need across various regions. In Afghanistan, we responded to devastating flash floods with rapid assessments, distributing hot meals, food parcels, hygiene kits, and kitchen sets. In Gaza, we provided hot meals and food parcels to displaced families, operated a weekly mobile clinic, and distributed over **100,000 litres** of drinking water. In Iraq, we completed the final workshop of our olive trees project. In Morocco, we converted shipping containers into homes for families and provided free medical screening and aid. In Pakistan, we rebuilt over **200 homes** lost in the 2022 floods. In Sudan, we distributed hygiene and dignity kits, and supported mothers with baby milk and nappies. In Syria, we provided vocational training for **200 people**, and are constructing a school in Al Zohoor Town and **500 homes** in Al Yasameen Town. In Yemen, we distributed food parcels and vital medical supplies, and continue to construct a new bakery to provide fresh bread to those in need. Our mission to support every human continues to drive our efforts globally.
