WELCOME TO OUR MONTHLY ROUND-UP JUNE EDITION

In June, as we distributed Qurbani sacrifices worldwide, we extended our efforts to help people in various regions. In Afghanistan, we distributed kitchen sets to families who lost their belongings. In Gaza, we provided hot meals, clean water, and medical services via mobile clinics, as well as distributing Eid gifts and entertainment to children. In Pakistan, we conducted a training course on honeybee farming, while in Sudan, we distributed hygiene kits to families. In Syria, we distributed zakat vouchers to those affected by the 2023 earthquake and continued constructing homes in Al-Yasameen and the Al-Zohoor school, welcoming a UN delegation visiting Al-Yasameen Village. We responded to a scabies epidemic with medical care in the displacement camp, distributed bread to Syrian families, organised a football match for displaced children, trained families on farming techniques, and held an exhibition in Al-Zohoor to showcase products from vocational training.

Read on to learn more about our field work in each country over the past month.
